## ***K-9 Conditioning***

**Bobbie Lyons, Presenter**

**May 2 & 3, 2015**

Whether you and your dog participate in Agility, Flyball, Herding, Schutzhund, NoseWork, Obedience, Conformation or just hiking, make sure that your canine partner is up to the task.

Strength training is the missing piece of the puzzle for many K9 athletes. More time and money is spent on fixing dogs' injuries than preventing them. Learn how to build core strength, improve balance, increase flexibility and range of motion, build confidence, increase hind-end awareness, reduce the risk of injury and improve your dog's overall performance. The importance and benefits of warm up and cool down exercises will also be discussed and demonstrated. Incorporating these exercises into your dog's routine is FUN, a great bonding experience, physically and mentally stimulate your dog, and they are easily done at home.

### ***About Instructor Bobbie Lyons***

Bobbie Lyons, Cert. C.F, has been training and competing in agility with her dogs for over 10 years. She also participates in herding. Based in Portland, OR, Bobbie teaches private lessons, online classes, and workshops across the country, educating others on how to condition their dog to prepare for and improve performance and prevent injuries. She started teaching in the Daisy Peel Classroom in January of 2012. Bobbie has also co-taught classes with Dr. Debbie Gross Saunders of Wizard of Paws.
